CERTIFIED OPHTHALMIC TECHNICIAN (COT) CERTIFICATION EXAM PREP SESSION

Craig Simms, BSc, COMT, ROUB, CDOS (3 IJCAHPO CE Credits)

This interactive course is designed to prepare the attendee for the IJCAHPO COT written certification exam. It will cover all areas of the IJCAHPO core certification content and provide an introduction to the simulation component.

Prerequisite: COA certification or proof of enrollment in an accredited COT program is required. Verification from the program director will be required.

Disclaimer: IJCAHPO does not require nor guarantee a passing score on the COA, COT, or COMT examinations with the purchase of and participation in the IJCAHPO COA, COT, or COMT certification examination preparation courses. Course material is based on the instructor's interpretation of the content areas outlined in IJCAHPO's *Criteria for Certification and Recertification*. The instructors of this review course have no direct knowledge of the specific certification exam questions.

1:00–4:30 p.m.

OPTICS CLINICAL SKILLS LEARNING LAB

Craig Simms, BSc, COMT, ROUB, CDOS (3 IJCAHPO CE Credits)

This course will run in three parts. Part one will review basic optics and the procedure for manual lensometry. Attendees will have the opportunity to practice both plus and minus cylinder lensometry. Part two will examine the plus cylinder retinoscopy procedure, including the use of the retinoscope. A practice session using schematic eyes will provide opportunities to retinoscope myopic, hyperopic, and astigmatic eyes. Part three will review plus cylinder refinement. Techniques to subjectively refine a patient's spectacle prescription will be practiced. Time permitting advanced techniques such as the duochrome test and balancing will be illustrated.

Note: Breaks will be provided as needed.

4:30 p.m.

ADJOURN

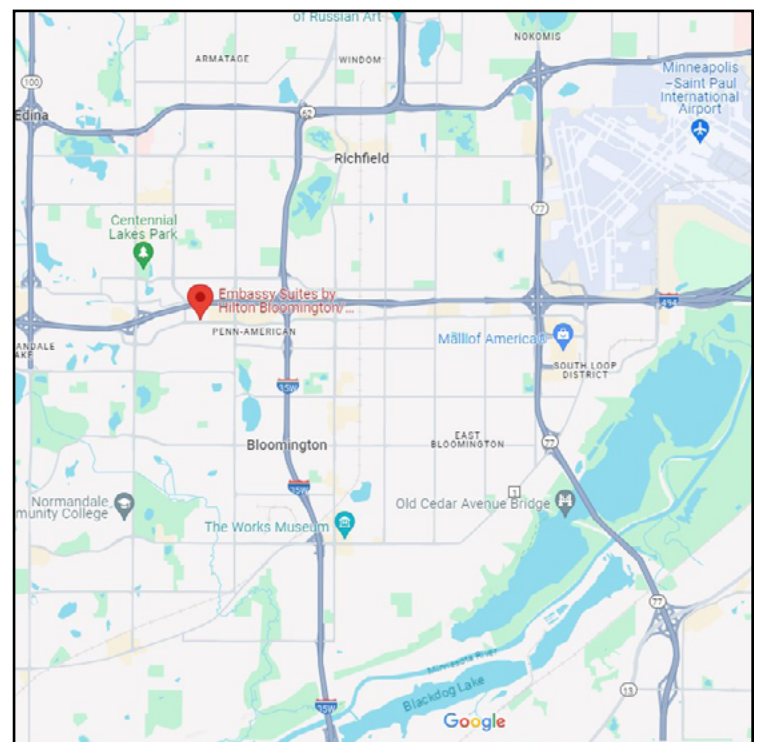

All times are Central Time.

PLEASE NOTE:

The Exam Prep and Learning Lab on Friday will be held at the IJCAHPO Training Center in St. Paul.

The CE courses on Saturday will be held at the Embassy Suites by Hilton Bloomington/Minneapolis in Bloomington.

Separate registration is required for the Exam Prep Session or Learning Lab.

Saturday, May 11, 2024

Certification and Education for Eye Care Excellence

7 IJCAHPO CE credits

- 7:30–8:00 a.m. **REGISTRATION AND CLASSROOM: TACONITE VERMILLION ROOM**
- 8:00–9:00 a.m. **WHAT IS THE ASSOCIATION BETWEEN REFRACTIVE ERRORS AND RETINAL DISEASES?**
Michael Stewart, MD (1 IJCAHPO CE Credit, CEP: CA BRN-1)
High-magnitude refractive errors usually correlate with the eye's axial length, and both abnormally long (myopia) and short (hyperopia) axial lengths predispose to the development of pathologic retinal conditions. High myopia is associated with myopic maculopathy (maculoschisis, RPE atrophy, and choroidal neovascularization), tilted disc, and retinal tears and detachments. High hyperopia is associated with choroidal folds and uveal effusions. This course will discuss many of these conditions from a clinical perspective.
- 9:00–10:00 a.m. **VITREOMACULAR INTERFACE PROBLEMS: MACULAR PUCKER AND BEYOND**
Michael Stewart, MD (1 IJCAHPO CE Credit, CEP: CA BRN-1)
This course discusses the vitreomacular interface and its propensity for disease. Conditions such as macular hole, macular pucker, and vitreomacular traction will be discussed in detail, as well as other conditions, such as diabetic retinopathy, for which the interface may play a role. Numerous case presentations will be included.
- 10:00–10:15 a.m. **BREAK**
- 10:15–10:45 a.m. **WHEN MEDICAL PROCEDURES ARE SUCCESSFUL, BUT PATIENTS STILL STRUGGLE: HOW HADLEY HELPS!** *Kirby Lindgren (0.5 IJCAHPO CE Credit)*
Diseases like macular degeneration, glaucoma, or diabetic retinopathy are treatable, but most patients face permanent vision changes that make everyday life challenging. Learn what struggles remain for your patients, what the AAO Standard of Care is, and how Hadley's whole-person approach to rehab can transform their health and happiness.
- 10:45–11:15 a.m. **OPTICS FOR THE REST OF US** *Craig Simms, BSc, COMT, ROUB, CDOS (0.5 IJCAHPO CE Credit)*
This lecture will cover practical everyday optics, from optical crosses to transposition to spherical equivalent, that AOP will have a chance to use daily. Special optics cases will be presented.
- 11:15 a.m.–12:15 p.m. **KERATOCONUS—NEW TECHNOLOGY** *David Hardten, MD, FACS (1 IJCAHPO CE Credit, CEP: CA BRN-1)*
This course will describe new and important information on keratoconus, a major cause of visual disability in young patients.
- 12:15–12:45 p.m. **LUNCH: ELY FOYER**
- 12:45–1:45 p.m. **INTRODUCTION TO ULTRASOUND** *Craig Simms, BSc, COMT, ROUB, CDOS (1 IJCAHPO CE Credit, CEP: CA BRN-1)*
This course will cover ophthalmic ultrasound including a brief review of ultrasound physics, ultrasound biometry, B-scan, standardized A-scan and ultrasound biomicroscopy (UBM).
- 1:45–2:45 p.m. **GENE THERAPY** *Abdhisv Bhavsar, MD (1 IJCAHPO CE Credit, CEP: CA BRN-1)*
Due to its accessibility and small size, the eye is an ideal target for gene therapy. Gene therapy can be used to target age-related macular degeneration, glaucoma, myopic macular degeneration, retinitis pigmentosa, Stargardt disease, and optic nerve diseases, such as optic atrophy and optic neuritis. This course will discuss the science behind gene therapy and give examples of its application in ophthalmology.
- 2:45–3:45 p.m. **WHAT DID THE DOCTOR MEAN? EXPLAINING OPHTHALMIC TESTING TO YOUR PATIENTS** *Danielle Thuen, COA (1 IJCAHPO CE Credit, CEP: CA BRN-1)*
Many ophthalmologists give their patients only the basic description of ophthalmic testing, leaving the ophthalmic technician to fill in the gaps. Learn how to explain these tests to your patients without overwhelming them with technical details or talking down to them.
- 3:45 p.m. **ADJOURN**

All times are Central Time.

Registration Form

Registration form may be duplicated. Please use one form per registrant.

EYEXchange Minneapolis
Embassy Suites by Hilton Bloomington/Minneapolis

Registration and Cancellation Deadline: May 1, 2024, 12:00 p.m. CT

HANDOUTS

A link to course handouts will be emailed to registrants the Monday prior to the meeting date, as they are not provided on-site. Handouts are available for two weeks.

CONTINUING EDUCATION CREDITS

This program has been accredited for 7 IJCAHPO CE Credits. Continuing education credits earned will be posted on your account at www.jcahpo.org approximately 4–6 weeks after the program for participants who complete evaluation forms.

NOTE: Attendance is monitored for each hour of instruction. Participants absent for more than 15 minutes of any given hour will not receive credit for that hour.

Along with CE credits awarded by JCAHPO, each course lists contact hours awarded by the California Board of Registered Nursing (CA BRN), if applicable. Provider approved by the California Board of Registered Nursing, Provider Number 13516, for 6 contact hours.

SPECIAL ACCOMMODATIONS

IJCAHPO provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for special accommodations. Specific special accommodations should be related to functional limitations. Please include additional supporting documentation from the medical professional who diagnosed the condition. It is essential that the documentation of the disability provide a clear explanation of the current functional limitation(s) and a rationale for the requested accommodation. **We cannot ensure the availability of appropriate accommodations without prior notification of need.**

For additional information regarding registration, contact IJCAHPO at 800-284-3937, e-mail registrations@jcahpo.org, or visit www.jcahpo.org. Please **PRINT** clearly using blue or black ink.

REGISTER ONLINE at <http://store.jcahpo.org/calendarschedule.aspx> (preferred)
MAIL form and payment to IJCAHPO, 2025 Woodlane Drive, St. Paul, MN 55125
